REDEEMER'S PRIVATE SECONDARY SCHOOL is a Christian school and as such, Biblical principles will govern all actions by staff and pupils. Parents wishing their children/wards to be admitted must realise that no provision is made for other faith. All pupils must take all Bible studies and attend all required Christian activities as established by the Board. While no coercion or pressure will be applied, there is every likelihood that those who are not Christians may become interested in the Christian Faith. Parents are required to consent that should this happen, the child is free to become a Christian.
